FINIS®

simplify swimming

2015 FALL / WINTER PRODUCT CATALOG

FINISinc.com

Dear swimmers,

I'm always asking my team, "With the knowledge we have amassed over the course of 22 years, how can we further impact the world of swimming?" Although the answer to that question is always changing, our efforts remain focused on one central idea: we simplify swimming for the athlete, the coach, the beginner and the lifelong swimmer. In the year ahead, that singular mission will be at the heart of everything we do.

MASTER THE BASICS

With the official launch of the Axis Buoy (pg. 24), I believe we are doing what we do best – adding a unique twist to a basic training concept. When we sought to launch the Axis Buoy in 2014, the original design did not fully express the intent of the product. With the decision to delay the launch to 2015, our team exercised patience for the sake of the most premium design possible; and ultimately, we have a final result we're all very proud of.

A LEGACY OF INNOVATION

We strive to develop the most innovative electronic swimming products because we believe technology enhances the overall swimming experience. We are adding to the family of FINIS electronics with the release of the Duo Underwater MP3 Player (pg. 40), designed to bring the magic of swimming to music to more people. Moving forward, I am particularly excited about several products in the pipeline that will continue to capture the power of technology in swimming.

GLOBAL PERSPECTIVE

We're proud of our California roots but the truth is, there are swimmers around the world with whom we hope to connect. With a growing team of international FINIS representatives and the increasing popularity of products like the Vapor Technical Racing Suit, we are looking forward to a year of bringing FINIS products to more swimmers everywhere.

MAKING A DIFFERENCE

Getting in the water to enjoy a swim is something many of us here at FINIS relish about our day. Simply put, we believe every person in the world deserves that same love of swimming. In April, we launched the So More Can Swim (pg. 71) initiative to help more people enjoy the water. Please visit FINISinc.com/so-more-can-swim to learn more about the program and how you can help make swimming more accessible.

Stay tuned. We're just getting warmed up!

Sincerely,

John Mix
Founder and CEO

who we are

CALIFORNIANS

The storied sense of adventure and draw to the water is in our blood – our products come to life here, we work here, and most importantly, we live here. Located in the heart of the Bay Area, we are inspired by the nearby oceans, lunchtime swims and a widespread culture of innovation.

SWIMMERS

We are swimmers, and we get it. Our understanding of swimmers of all abilities comes from within – we represent the full aquatic spectrum, from beginners to Olympians.

COACHES

We are proud of our coaching backgrounds and we share a deep-rooted passion for helping athletes and coaches alike. Many of our products are unique, perhaps even strange at first glance, and require an element of education, which we are happy to provide. Whether it's at a swim meet, at a clinic, or even over the phone, we seize every chance we have to share our knowledge.

INVENTORS

Call us nerdy, but we're obsessed with the fine details of swimming. Our elite team of industrial designers is dedicated to developing the next big thing – but we're not in this alone! We collaborate with an extended family of swimmers and coaches around the world to stay at the forefront of swimming technology. Have a great idea? We invite you to share your thoughts by emailing ideas@FINISinc.com.

DO-GOODERS

Simply put, we believe that everyone deserves the joy of swimming. We work hard to make water safety and competitive swimming more accessible. With the So More Can Swim initiative, a portion of every FINIS goggle purchase is donated to organizations that make swimming more accessible.

what we do

We simplify swimming...

FOR THE ATHLETE.

Because we understand that improving technique is the secret to swimming faster, our products help athletes of all abilities master the basics as a means to excellence.

FOR THE COACH.

Our products offer coaches a toolkit for instructing and reinforcing the fundamental skills of swimming, both on and off the pool deck.

FOR THE BEGINNERS, BOTH YOUNG AND OLD.

We make learning to swim more comfortable and fun, because we want everyone to have the chance to enjoy swimming.

FOR THE LIFELONG SWIMMERS.

"Swimming until the day I die" is a phrase often heard around the halls of the FINIS Headquarters. Our products allow swimmers to do just that - to live a mentally and physically healthy lifestyle.

technical products

ARIANNA VANDERPOOL-WALLACE • 2008, 2012 OLYMPIAN

SWIMMER'S SNORKEL

TECHNICAL & TRAINING SNORKEL

Allows swimmers to focus on stroke technique without the interruption of turning the head to breathe. The center-mount design accommodates a full range of motion for butterfly, breaststroke and freestyle.

STYLE: 1.05.009

- YELLOW (50)
- PINK (112.50)

Junior and Youth size featured pg. 90

PEDRO OLIVEIRA • 2008, 2012 OLYMPIAN

a legacy of innovation

In 1995, John Mix and Pablo Morales developed the first center-mount snorkel specifically designed for competitive swimming. The original idea for the Swimmer's Snorkel emerged in John's garage and received immediate validation from renowned coach and ultimate mentor Nort Thorton. The very first prototypes of the Swimmer's Snorkel were made of ABS sprinkler tubes and a unique molded head bracket.

- HYDRODYNAMIC DESIGN
  Worn with swim goggles, promotes proper head and body position
- BUILDS ENDURANCE
  Increases aerobic capacity
- FRONT POSITIONING
  Swim at any speed with perfect stability

FREESTYLE SNORKEL
DESIGNED FOR FREESTYLE

The curved design promotes proper head position. With reinforced stability, the Freestyle Snorkel allows for swimming with a full range of motion, including flip turns, and maintains stability at sprint speeds.

STYLE: 1.05.001 U.S.A. PATENTED

GLIDE SNORKEL
TECHNIQUE & TRAINING SNORKEL

Introductory technique and training snorkel, ideal for fitness and team training. The center-mount design accommodates a full range of motion for butterfly, breaststroke and freestyle. Available in four bright colors.

STYLE: 1.05.002

- MINT GREEN (107)
- OCEAN BLUE (118)
- SUNSET ORANGE (115)
- WATERMELON PINK (112)

AGILITY PADDLES
STRAPLESS PADDLES

The ergonomically advanced design teaches the correct palm-positive hand position. The convex shape promotes an early catch and reminds swimmers to maintain an early vertical forearm position.

STYLE: 1.05.145 U.S.A. PATENTED

(Size Chart pg. 107)

reddot design award

ARIANNA VANDERPOOL-WALLACE • 2008, 2012 OLYMPIAN

a legacy of innovation

With the development of the Agility Paddles in 2012, FINIS introduced the first strapless paddle design to the market. Shortly afterward, FINIS introduced the Instinct Paddle, a reiteration of the Agility Paddles' convex strapless design in a smaller sculling paddle. The remarkably simple design of the Agility Paddles earned FINIS recognition from every corner of the swimming community and a 2013 Red Dot Design Award.

- ALL FOUR SWIM STROKES
  Versatile paddle works for butterfly, backstroke, breaststroke and freestyle
- LATERAL SIDE CONTOURS
  Accommodates most hand sizes, including narrow hands
- IMPROVED CIRCULATION
  No straps to cut off circulation of hands and wrists

FOREARM FULCRUM
EARLY VERTICAL FOREARM TOOL

Develops early vertical forearm (EVF) and increases stroke efficiency. An EVF position utilizes the entire forearm during the pull, from the fingertips to the elbow. Promotes stroke refinement through muscle memory of the proper hand, wrist and forearm position.

STYLE: 1.05.028.50 U.S.A. PATENTED

Junior size featured pg. 91

BOLSTER PADDLES
EARLY VERTICAL FOREARM PADDLES

Encourages a high elbow technique that leads to a more efficient stroke. The wide paddle design secures the wrist and offers resistance throughout the pull. Improves the catch and recovery technique for all four swim strokes.

STYLE: 1.05.026
REPLACEMENT TUBING | STYLE: 1.05.029

FREESTYLER PADDLES
FREESTYLE TRAINING PADDLES

Specifically designed for freestyle training, the long fin shape and surf-skeg design planes the hand forward through the water, improving distance per stroke. Promotes a strong pull-through and better hip rotation. The narrow profile can help prevent shoulder strain.

STYLE: 1.05.020.50
REPLACEMENT TUBING | STYLE: 1.05.029

Junior size featured pg. 91

INSTINCT PADDLES
STRAPLESS SCULLING PADDLES

The ergonomically advanced design teaches the correct palm-positive hand position while sculling. The convex shaping isolates small stroke movements, bringing attention to small stroke imperfections. Available in Medium and Large.

STYLE: 3.05.002 U.S.A. PATENTED

(Size Chart pg. 107)

Z2 GOLD ZOOMERS®
SHORT BLADE SWIM FINS

The comfort of natural rubber creates a secure fit and inhibits hyper-flexion. The fluid separator on top of the fin helps to reduce fatigue. The flex box on the bottom of the fin catches the water on the up-kick to build muscle.

STYLE: 2.35.004 U.S.A. PATENTED

Junior and Youth size featured pg. 89

(Size Chart pg. 107)

ZOOMERS® GOLD
SHORT BLADE TRAINING FINS

The short blade encourages shorter, faster kicks for additional propulsion through the water. An ideal fin for cardiovascular conditioning and speed training. Natural rubber provides a secure and comfortable fit.

STYLE: 2.35.003 U.S.A. PATENTED

(Size Chart pg. 107)

POSITIVE DRIVE FINS
FOUR STROKE TRAINING FINS

The ellipsoidal blade generates correct propulsion in all four swim strokes, including breaststroke. The short, wide blade design promotes an inward supination kick style to improve foot speed and ankle flexibility. An ideal training fin for individual medley.

STYLE: 2.35.100
POSITIVE DRIVE FIN REPLACEMENT STRAP | STYLE: 2.35.102.06

Junior and Youth size featured pg. 86

(Size Chart pg. 107)

LONG FLOATING FINS
FLOATING SWIM FINS

The long, hydrodynamic blade adds propulsion to the flutter and butterfly kicks. Builds leg strength and increases speed during training. Buoyancy from the fins adds lift to reduce drag. The closed heel design provides protection against hyper-flexion of the ankles and increases comfort. Natural rubber provides a secure and comfortable fit.

STYLE: 1.05.037

Junior and Youth size featured pg. 89

FOIL
TECHNIQUE MONOFIN

Teaches the foil body motion developed and made popular by Coach Bob Gillett. Promotes an equal use of up and down kicks for propulsion throughout the entire dolphin kick movement, increasing core and leg strength. Natural rubber provides a secure and comfortable fit.

STYLE: 1.35.012

(Size Chart pg. 107)

a legacy of innovation

John Mix had his first encounter with a monofin in 1988 during a semester abroad in Austria. Monofin in hand, John returned to the States convinced that this tool was the next big thing in aquatic sports. Throughout the years, the FINIS monofin has taken many forms, ranging from competitive fins to pool toys. In 2010, FINIS collaborated with coaching legend and underwater kicking guru, Bob Gillett to bring the Foil Monofin to the market.

- LARGE SURFACE AREA
  Targets core and leg muscles more than standard fins
- RUBBER BLADE
  Comfortable to wear for all ages and abilities
- OPEN TOE AND HEEL DESIGN
  Fits a wide range of foot sizes, allows for a secure fit

SHOOTER
SHORT BLADE MONOFIN

The short fiberglass blade is ideal for competitive swimmers who want to develop a quick, powerful dolphin kick while improving flexibility in the feet and ankles. Allows for high speed training that targets core and leg muscles.

STYLE: 1.35.004 U.S.A. PATENTED

(Size Chart pg. 107)

TRAINER 1
SWIM TRAINING MONOFIN

The long, flexible fiberglass blade is ideal for competitive swimmers who want to improve body balance and stroke timing, and strengthen core muscles. Promotes a technique that generates a dolphin kick from the hips and chest, not the knees.

STYLE: 1.35.005

(Size Chart pg. 107)

monofin comparison chart

MONOFIN	BLADE TYPE	DIMENSIONS
FOIL	natural marine grade rubber	16" x 10"
SHOOTER	short & stiff fiberglass	16" x 18"
TRAINER 1	long fiberglass	28" x 18"
COMPETITOR	hand-tapered fiberglass	28" x 28"
RAPID	soft flexible (EVA & TPR)	24" x 21"
WAVE	soft flexible (EVA & TPR)	21" x 18"

RAPID
RECREATIONAL ADULT MONOFIN

Designed for teens and adults. Uses a single, large blade to teach the proper undulation in the water and build core and leg muscles. The flexibility provides speed without causing added strain on the ankles. The quick-release foot straps provide safety in the water.

STYLE: 1.35.003 **U.S.A. PATENTED**
SIZES: MALE (8-12), FEMALE (9-13)

RAPID REPLACEMENT STRAP | STYLE: 1.35.009

WAVE
RECREATIONAL YOUTH MONOFIN

Teaches younger swimmers the undulation needed for a proper dolphin kick. Builds leg strength and confidence in the water. Built-in stability ridge provides proper flexion, and an adjustable heel strap offers a customizable fit.

STYLE: 1.35.001 **U.S.A. PATENTED**
SIZES: MALE (1-7), FEMALE (2-8)

WAVE REPLACEMENT STRAP | STYLE: 1.35.008

COMPETITOR
PROFESSIONAL FREEDIVE MONOFIN

The hand-tapered fiberglass blade and durable rubber foot pocket create a whip-like action at the end of each kick and supply compounded resistance for maximum propulsion. Ideal for freedivers, fin swimmers, and water sport enthusiasts.

STYLE: 1.35.007

(Size Chart pg. 107)

new! **AXIS BUOY**

DUAL-FUNCTION PULL BUOY

The dual-function design improves body position and builds upper body and core strength. The ergonomically designed keyholes allow swimmers to easily move the buoy from the ankles to the legs. The EVA foam provides durability and prevents skin irritation.

STYLE: 1.05.041.05

MALLORY WEGGEMANN • PARALYMPIC GOLD MEDALIST

a legacy of innovation

In true FINIS fashion, we've added a contemporary twist on a classic training tool. Not satisfied with the limitations of the traditional pull buoy, John Mix tasked the product development team to design an ankle float that maintained the functionality of a leg buoy. With the 2015 launch of the Axis Buoy, FINIS offers all swimmers the ability to isolate core muscle groups and improve body rotation.

- ERGONOMIC KEYHOLES
  Easy to transfer the buoy between the ankles and legs
- STREAMLINED CONTOURS
  Fits comfortably between the legs
- PROMOTES ELEVATED BODY POSITION
  Lifts the hips and legs for proper technique

FOAM PULL BUOY
LEG BUOY

Immobilizes the legs and provides lift to help build upper body strength and increase focus on the proper hip rotation. The EVA foam provides durability and prevents skin irritation.

STYLE: 1.05.036.50

Junior and Youth size featured pg. 91

ALIGNMENT KICKBOARD
STREAMLINE KICKBOARD

The hydrodynamic design and stabilizing hand strap allow swimmers to control the board without gripping, creating perfect alignment from the fingertips to the toes. When paired with a snorkel, the Alignment Kickboard encourages proper head alignment and improves overall technique. The EVA foam provides durability and prevents skin irritation.

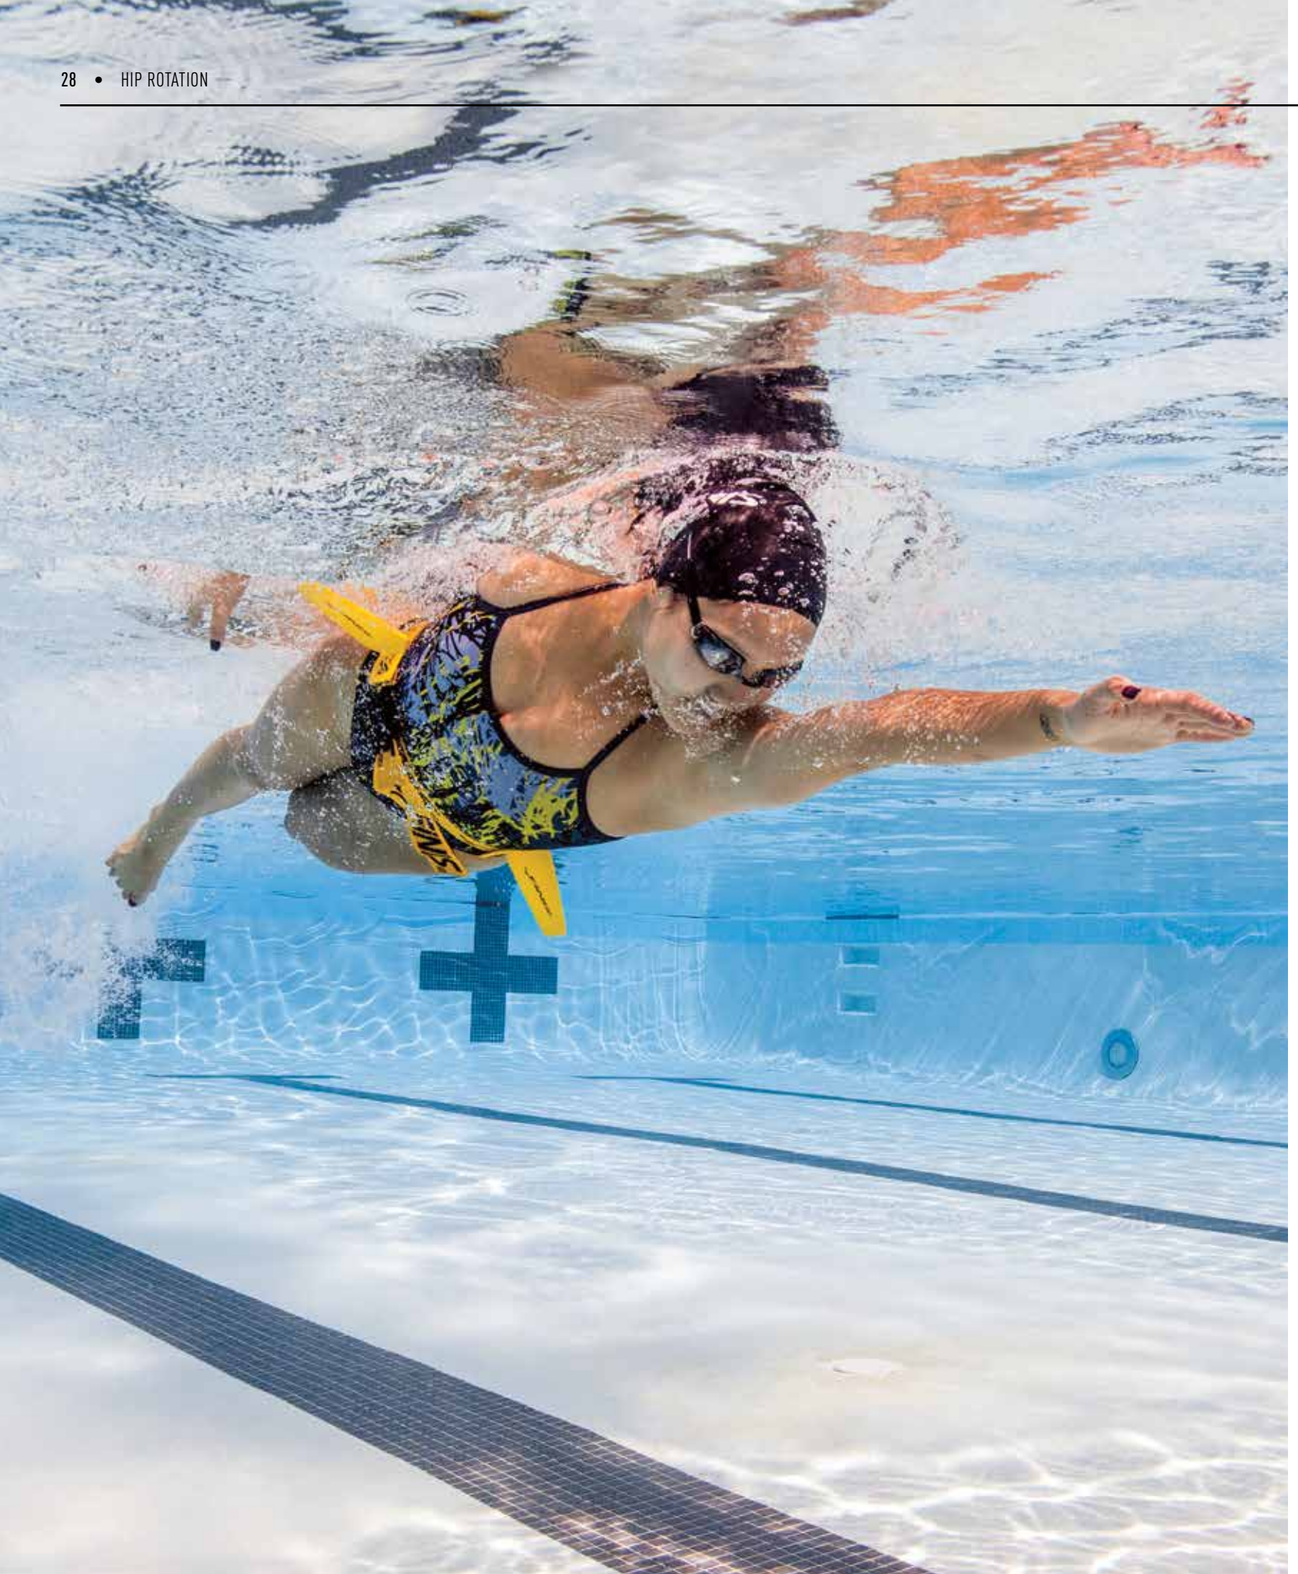
STYLE: 1.05.042 U.S.A. PATENTED

FOAM KICKBOARD
STANDARD KICKBOARD

Helps swimmers build leg strength by immobilizing the arms. The EVA foam provides durability and prevents skin irritation.

STYLE: 1.05.035.50

Junior size featured pg. 91



TECH TOC
AUDIBLE HIP ROTATION TRAINING TOOL

Worn around the waist, the Tech Toc utilizes a ball bearing and acoustic amplifiers to create a sound as the device is tipped from side to side, providing immediate audio feedback to teach proper timing and hip rotation.

STYLE: 1.05.014

REPLACEMENT HIP BELT AND BUCKLE | STYLE: 1.05.099

HYDRO HIP
CORE STRENGTHENING TOOL

The bilateral blade design promotes proper timing of the hips, arms, and body. Adds resistance to improve core strength and builds muscles that aid in full body rotation. Ideal for drills or technique-focused training sessions.

STYLE: 1.05.007

REPLACEMENT HIP BELT AND BUCKLE | STYLE: 1.05.099

SWIM PARACHUTE
RESISTANCE PARACHUTE

A comfortable, adjustable nylon belt connected to a durable parachute provides resistance training while swimming. The added resistance builds muscle and endurance. Compatible with all four swim strokes and does not interfere with kicking or flip turns.

STYLE: 1.05.110

- **RED 8"** (102)
- **NAVY 12"** (106)

DRYLAND CORDS
RESISTANCE STRETCH CORDS

Made with durable rubber tubing and comfortable handles, Dryland Cords simulate swimming movements to build strength and improve range of motion. Appropriate for swimmers of all ages and abilities and available in three different resistances.

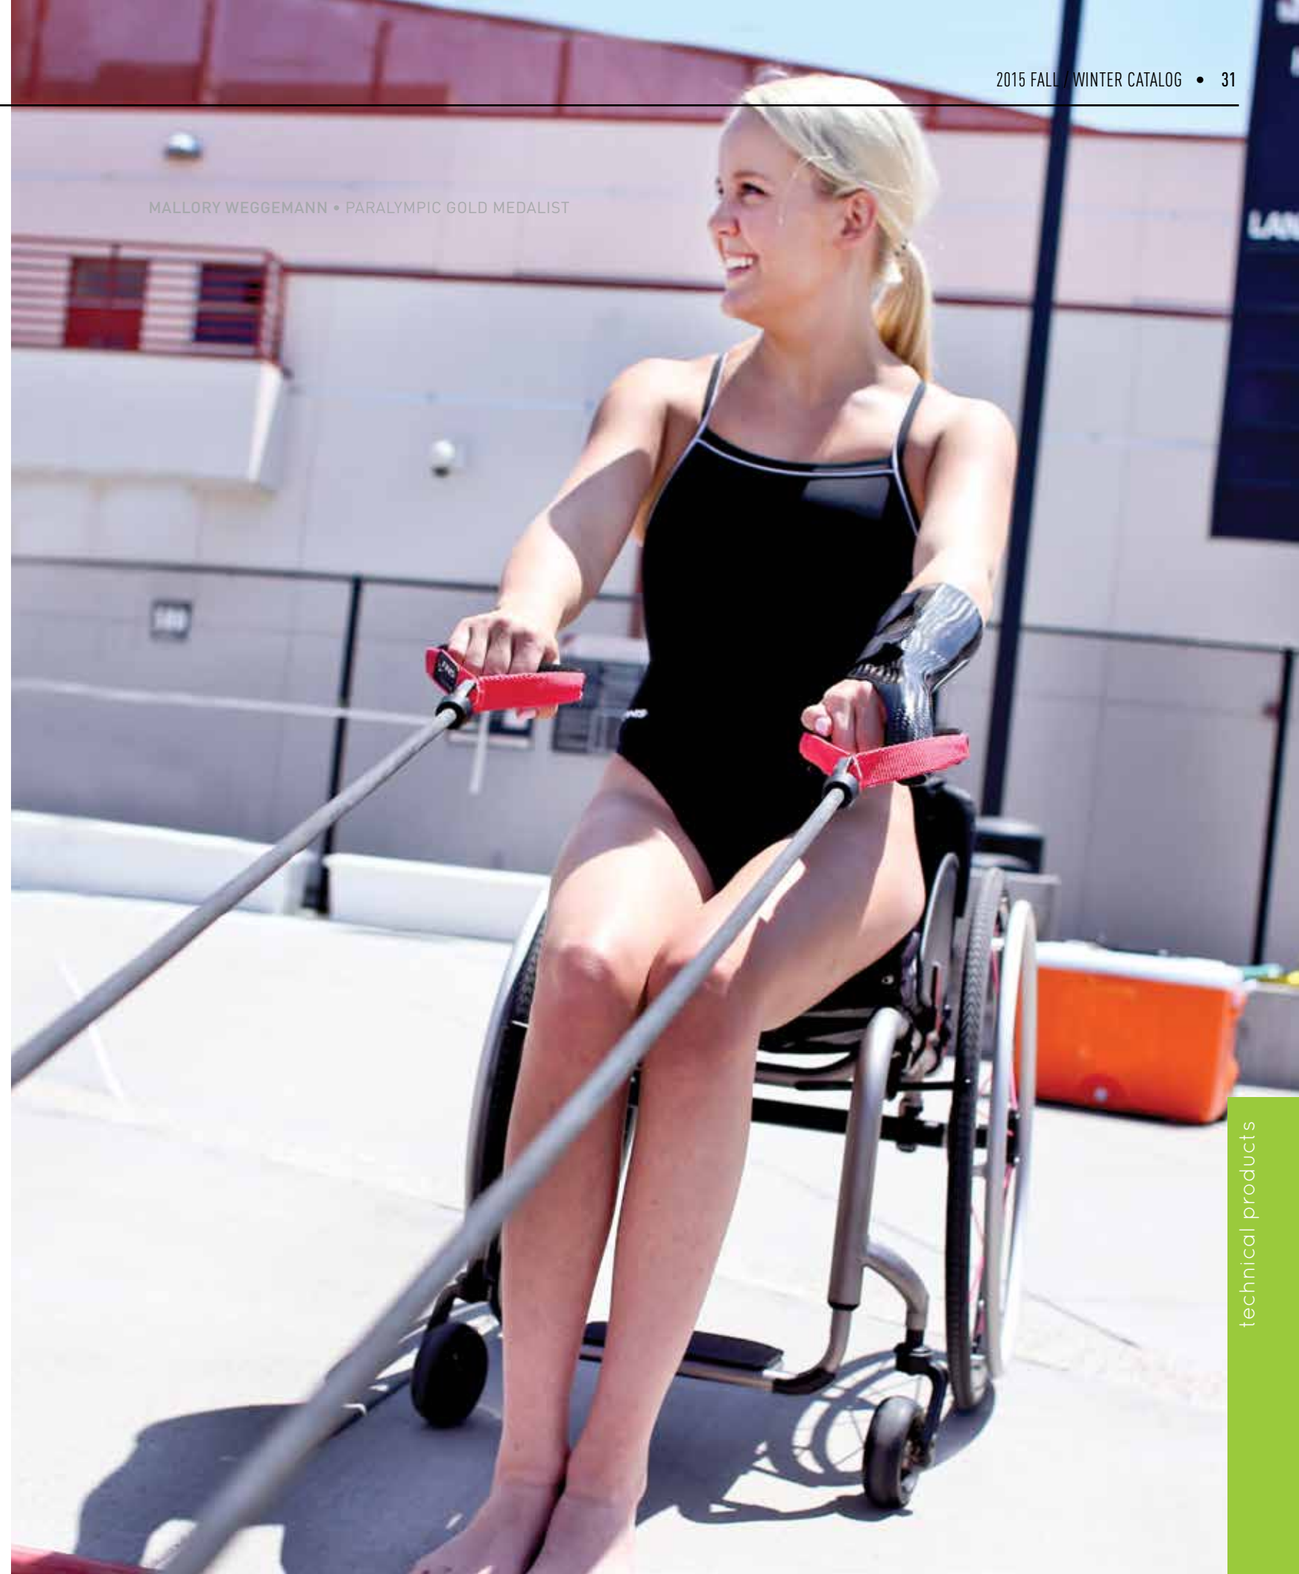
STYLE: 1.05.113

- **YELLOW** (104) - LIGHT RESISTANCE
- **GREEN** (105) - MEDIUM RESISTANCE
- **RED** (102) - HEAVY RESISTANCE

TECHNIQUE TRAINING BELT
TECHNIQUE-FOCUSED ARM CORDS & BELT

Constructed of two rubber cords, one for each arm, attached to a nylon hip belt. The added resistance encourages acceleration through the pull phase, and a proper stroke recovery. Completely adjustable to fit swimmers of all ages and abilities.

STYLE: 1.05.125



new! **ULTRA MESH BACKPACK**
MESH GEAR BACKPACK

A convenient and practical way to transport all swim equipment. The durable nylon mesh material provides airflow for fast drying and includes a drawstring that securely closes the bag. Water resistant enclosure, water bottle storage and zip pocket for additional storage.

STYLE: 1.25.022

- AQUA BLUE / BLACK (124)
- ACID GREEN / BLACK (085)
- BLACK / BLACK (007)
- HOT PINK / GRAY (206)
- NEON ORANGE / GRAY (298)

MESH BAG
MESH GEAR BAG

A convenient way to store all swim equipment. The durable nylon mesh material provides airflow for fast drying and includes a pull drawstring that securely closes the bag. A small zip compartment safely stores smaller items such as goggles or a Tempo Trainer Pro.

STYLE: 1.25.010

- BLACK (101)
- BLUE (103)
- PINK (112)
- YELLOW (104)
- RED (102)

TORQUE BACKPACK
TEAM TRAVEL BACKPACK

Designed with swimmers and aquatic athletes' travel needs in mind. The rubberized bottom and waterproof compartments keep contents dry. The durable polyester material is suitable for repeated use and machine washable.

STYLE: 3.25.115.131

TORQUE DUFFLE BAG
TEAM TRAVEL DUFFLE BAG

Designed with swimmers and aquatic athletes' travel needs in mind. The rubberized underside and rail system elevate the bag to protect the contents. The large compartment of the duffle is ideal for competitions or training. The durable polyester material is suitable for repeated use.

STYLE: 3.25.116.131

new! **POSTURE TRAINER**

HEAD ALIGNMENT TRAINING TOOL

Promotes correct head and spine alignment. When secured to the back center of the head, the device should be undetectable until the swimmer exceeds the recommended posture range. Improves alignment for all four swim strokes.

STYLE: 1.05.045

new! **KICK PRO**

KICK EFFICIENCY TRAINING TOOL

Worn above the knees, below the knees, or around the ankles to promote proper kick technique. Limits the distance between legs to activate the outer leg muscles and engage the core, promoting a fast and efficient kick.

STYLE: 1.05.023

SNORKEL CARDIO CAP

Designed specifically for the Adult and Jr. Swimmer's Snorkel, the Cardio Cap amplifies hypoxic training to increase the ability of muscles to recover when oxygen levels are low. Because of the added intensity, hypoxic training should take place in moderation in a well-supervised environment.

STYLE: 1.05.022

SNORKEL DRY TOP

The patented design keeps the inner tube of the snorkel dry. An internal buoy rises when submerged to keep the snorkel dry, and falls when out of the water to allow for easy breathing. Compatible with Swimmer's Snorkel, Glide Snorkel and Swimmer's Snorkel Jr.

STYLE: 1.05.057

REPLACEMENT HEAD BRACKET

Fits the Swimmer's Snorkel, Freestyle Snorkel, and Glide. The bracket uses a TPR padding that cushions the forehead and evenly distributes pressure. The silicone strap fits snugly around the head, and easy-to-adjust side clips securely fit any head size.

STYLE: 1.05.017

- BLACK (101)
- MINT GREEN (107)
- OCEAN BLUE (118)
- SUNSET ORANGE (115)
- WATERMELON PINK (112)

REPLACEMENT HEAD BRACKET YOUTH

Soft neoprene head bracket for use on the Youth Swimmer's Snorkel. Can also be configured to attach to all other FINIS snorkels.

STYLE: 1.05.053

EAR PLUGS

The specialized shape conforms to the ears, effectively sealing water out without going too far into the ears. Made from 100% silicone, they provide maximum comfort and a secure seal. A small carrying case is included with each set.

STYLE: 3.25.006.001

NOSE CLIP

The anatomic design fits most noses comfortably and keeps water out. Made of a nylon material for prolonged life and pressure retention. Silicone nose pads offer maximum comfort. Carrying case included.

STYLE: 3.25.005

- CLEAR (001)
- BLUE (103)

PULLING ANKLE STRAP

A rubber strap worn around the ankles to eliminate kicking. Ideally used with the Foam Pull Buoy, the strap immobilizes the legs to build upper body and stabilizing core strength.

STYLE: 1.05.052.104

REPLACEMENT GOGGLE STRAPS

An easy and convenient way to restore your swim goggles. Includes an easy-to-adjust back clip for a customizable fit.

STYLE: 3.25.010

SNORKEL REPLACEMENT PURGE VALVE

Compatible with the Swimmer's Snorkels (Adult, Jr., and Youth). The silicone purge seat allows water to flow out of the snorkel without entering the tube. The Replacement Purge Valve is easily removed for cleaning and is made of durable plastic that is built to withstand chlorine damage.

STYLE: 1.05.010.101

FOOTBOOTIES

A soft neoprene material prevents chafing on the top of the foot and adds comfort when using fins or monofins.

STYLE: 1.25.001.101
S (04), M (05), L (06)

SKIN SOCKS

Versatile sport socks designed to protect the feet. Reduces irritation against the foot, effectively preventing blisters and chafing. The lightweight fabric conforms to the foot during use, creating a thin and breathable layer of protection.

STYLE: 1.25.002.101
S (04), M (05), L (06)

new!

DUO

UNDERWATER MP3 PLAYER

A waterproof MP3 player that uses revolutionary, patented Bone Conduction audio, transmits high-fidelity audio through the cheekbones directly into the inner ear. The sleek, two-piece design uses integrated control buttons and goggle brackets to make swimming to music easier than ever before.

STYLE: 1.30.058

- DARK GRAY / MINT (121)
- BLACK / ACID GREEN (244)

PEDRO OLIVEIRA • 2008, 2012 OLYMPIAN

a legacy of innovation

We introduced the SwiMP3 in 2005 with the first use of patented bone conduction technology to transmit high-quality music underwater. The SwiMP3 was a remarkable achievement in swimming technology and revered by Time magazine as a top sporting goods item in 2005. Using the same bone conduction technology as the SwiMP3, the Duo was developed to help more people experience the joy of swimming to music. While maintaining many of the same elements found in the Neptune, the new, compact design of the Duo adds comfort and security.

- SUPPORTS MP3 & WMA AUDIO FORMATS
  Compatible with iTunes®; listen to music, audiobooks, podcasts and more
- 4GB OF STORAGE
  Stores approximately up to 1000 songs or 60 hours of playback
- WATERPROOF IPX8 TO 3 METERS & 30 MINUTES
  Sound is clearest when submerged in water

NEPTUNE V2
UNDERWATER MP3 PLAYER

A waterproof MP3 player that uses revolutionary, patented Bone Conduction audio transmission to transmit high-fidelity audio through the cheekbones directly into the inner ear. The three-piece design has two side speakers and a high-contrast OLED screen that sits comfortably on the back of the head and allows track and playlist navigation.

STYLE: 1.30.072

UNIVERSAL WALL CHARGER | STYLE: 1.30.009

NEPTUNE REPLACEMENT USB | STYLE: 1.30.020

reddot design award

3 X 100M STOPWATCH
100 SPLIT MEMORY STOPWATCH

Allows the user to take 100 splits and review both cumulative and lap splits on a three-line LCD display. Easy-to-read running times, current lap time, and cumulative splits.

STYLE: 1.30.032

3 X 300M STOPWATCH
300 SPLIT MEMORY STOPWATCH

Allows the user to take 300 splits and review both cumulative and lap splits on a three-line LCD display. Easy-to-read running times, current lap time, and cumulative splits.

STYLE: 1.30.040

TEMPO TRAINER PRO
UNDERWATER METRONOME

The small, waterproof device easily secures under a swim cap and transmits an audible tempo beep. The device offers three different modes for customizable pace training, adjustable by 1/100th of a second. Includes a clip for dryland exercise.

STYLE: 1.05.120 U.S.A. PATENTED

a legacy of innovation

FINIS designed the Tempo Trainer in 2001 with the intent to help swimmers manipulate and regulate the two performance-related variables: stroke rate and distance per stroke. This underwater metronome has since evolved into the Tempo Trainer Pro, with three different modes for use in and out of the water.

- AUDIBLE BEEP
  Loud enough to hear in and out of the water
- PERFECT FOR PACING
  Consistent stroke tempo eliminates lulls in races or workouts
- MULTI SPORT
  Applicable for swimming, biking, running and more

GOSWIM + FINIS PARTNERSHIP

Through the GoSwim platform, coaches and swimmers can access hours of instructional videos, organized by stroke and level of expertise, and ranging from learn-to-swim basics to advanced techniques. The platform allows coaches to send relevant videos to swimmers before practice to "pre-teach" important skills and techniques. The integrated Deckshots app allows coaches to film their swimmers and share the videos securely, and directly, with them after practice to reinforce learning.

A GoSwim subscription gives you access to the world's fastest swimmers, including world record-holders from six countries, members of 49 different Olympic teams, and a collective 60+ Olympic medals.

ARIANNA VANDERPOOL-WALLACE • 2008, 2012 OLYMPIAN

a legacy of innovation

With the launch of the Vapor in 2014, we introduced the most advanced features in technical racing suits. Designed in the FINIS Stroke Lab, the Vapor combines oxygen-efficient paneling and handmade construction to deliver a competitive edge. True to our vision, the success of the Vapor has reached a global scope, worn at different levels of competition all over the world.

- ADVANCED HYDRO-REFLECTIVE TECHNOLOGY
  Lightweight, compressed textile repels water to increase speed ratio
- FORM FITTING
  Reinforced construction and lay-flat seams create a compression fit
- WATER-TIGHT EDGES
  Silicone edges create a comfortable grip against shoulders, ankles and waist

(Size Chart pg. 107)

REVERSIBLE DRAG SUIT
REVERSIBLE RESISTANCE TRAINING

A resistance training suit that creates drag to build muscle and increase endurance. Comprised of 100% polyester mesh fabric to resist the damaging effects of chlorine and sunlight. Designed for both men and women, intended for wear over a swimsuit.

STYLE: 1.20.009

- NAVY / YELLOW (295)
- BLACK / RED (210)

(Size Chart pg. 107)

THERMAL SWIM SHIRT
THERMAL TRAINING SHIRT

Provides warmth by trapping body heat with its unique BiPoly fabric. Made from a strong yet lightweight material that conforms to the upper body without restricting range of motion. Offers UVA/UVB, and antibacterial protection.

STYLE: 1.05.048

(Size Chart pg. 107)

SILICONE DOME CAP

Ergonomically developed to create a secure fit on the head. The 3-D design creates different levels of thickness throughout the cap to allow for zero wrinkles, resulting in reduced drag. Molded gripping inside the cap ensures a secure fit during races.

STYLE: 3.25.029

- BLACK (101)
- WHITE (100)

SPANDEX CAP

The flexible material is gentle on the skin and hair and fits comfortably on most head sizes.

STYLE: 3.25.012

- BLACK (101)
- RED (102)
- ROYAL BLUE (114)

SILICONE CAP

100% soft silicone, more durable and comfortable than the Latex Cap. Reduces drag in the water while protecting the hair against chlorine and sun exposure. With a secure fit, keeps hair away from the eyes and face while swimming.

STYLE: 3.25.002

- BLACK (101)
- WHITE (100)
- BLUE (103)
- RED (102)

LATEX CAP

Reduces drag in the water while protecting the hair against chlorine and sun exposure. With a secure fit, keeps hair away from the eyes and face while swimming. 100% Latex.

STYLE: 3.25.001

- BLACK (101)
- WHITE (100)
- YELLOW (104)
- BLUE (103)

ARIANNA VANDERPOOL-WALLACE • 2008, 2012 OLYMPIAN

LIGHTNING
LOW PROFILE RACING GOGGLES

Made with lens integration technology, the goggle frame and lenses are fused as one piece to reduce drag and create a low profile. The quick clip adjustment strap and four interchangeable nosepieces provide a customizable fit. Offers anti-fog and UV protection.

STYLE: 3.45.073
- BLUE MIRROR (237) *
- SILVER MIRROR (241)
- BLACK / SMOKE (239)
- CLEAR / CLEAR (255)

DART
TRADITIONAL RACING GOGGLES

Low profile goggle designed to sit comfortably around the eye. The traditional hard frame design gives swimmers a leak-proof seal. The included nosepiece and string provide a customizable fit. Offers anti-fog and UV protection.

STYLE: 3.45.082
- GOLD MIRROR (475) *
- SMOKE (002)
- BLUE (103)

BOLT
SLEEK RACING GOGGLES

Low profile goggle designed for competitive swimmers to maintain comfort throughout practices and races. The silicone gasket provides added comfort and a watertight seal. Three interchangeable nosepieces and an adjustable strap create a universal fit. Offers anti-fog and UV protection.

STYLE: 3.45.077

kids products

KIDS FINZ
CHILD / TODDLER SWIM FINS

Help young swimmers learn the proper horizontal body position and gain confidence in the water. The soft polyvinyl material offers comfort and flexibility. The adjustable heel strap makes for easy adjustments.

CHILD BLUE | STYLE: 5.35.008.103.51
TODDLER YELLOW | STYLE: 5.35.010.104.52
SIZES: TODDLER (K5-11), CHILD (K11-2)

REPLACEMENT VELCRO STRAP | STYLE: 5.35.009

POSITIVE DRIVE FINS
FOUR STROKE TRAINING FINS

The ellipsoidal blade generates correct propulsion in all four swim strokes, including breaststroke. The short, wide blade design promotes an inward supination kick style to improve foot speed and ankle flexibility, ideal for training for individual medley. Available in small sizes for young swimmers.

STYLE: 2.35.100
POSITIVE DRIVE FIN REPLACEMENT STRAP | STYLE: 2.35.102.06

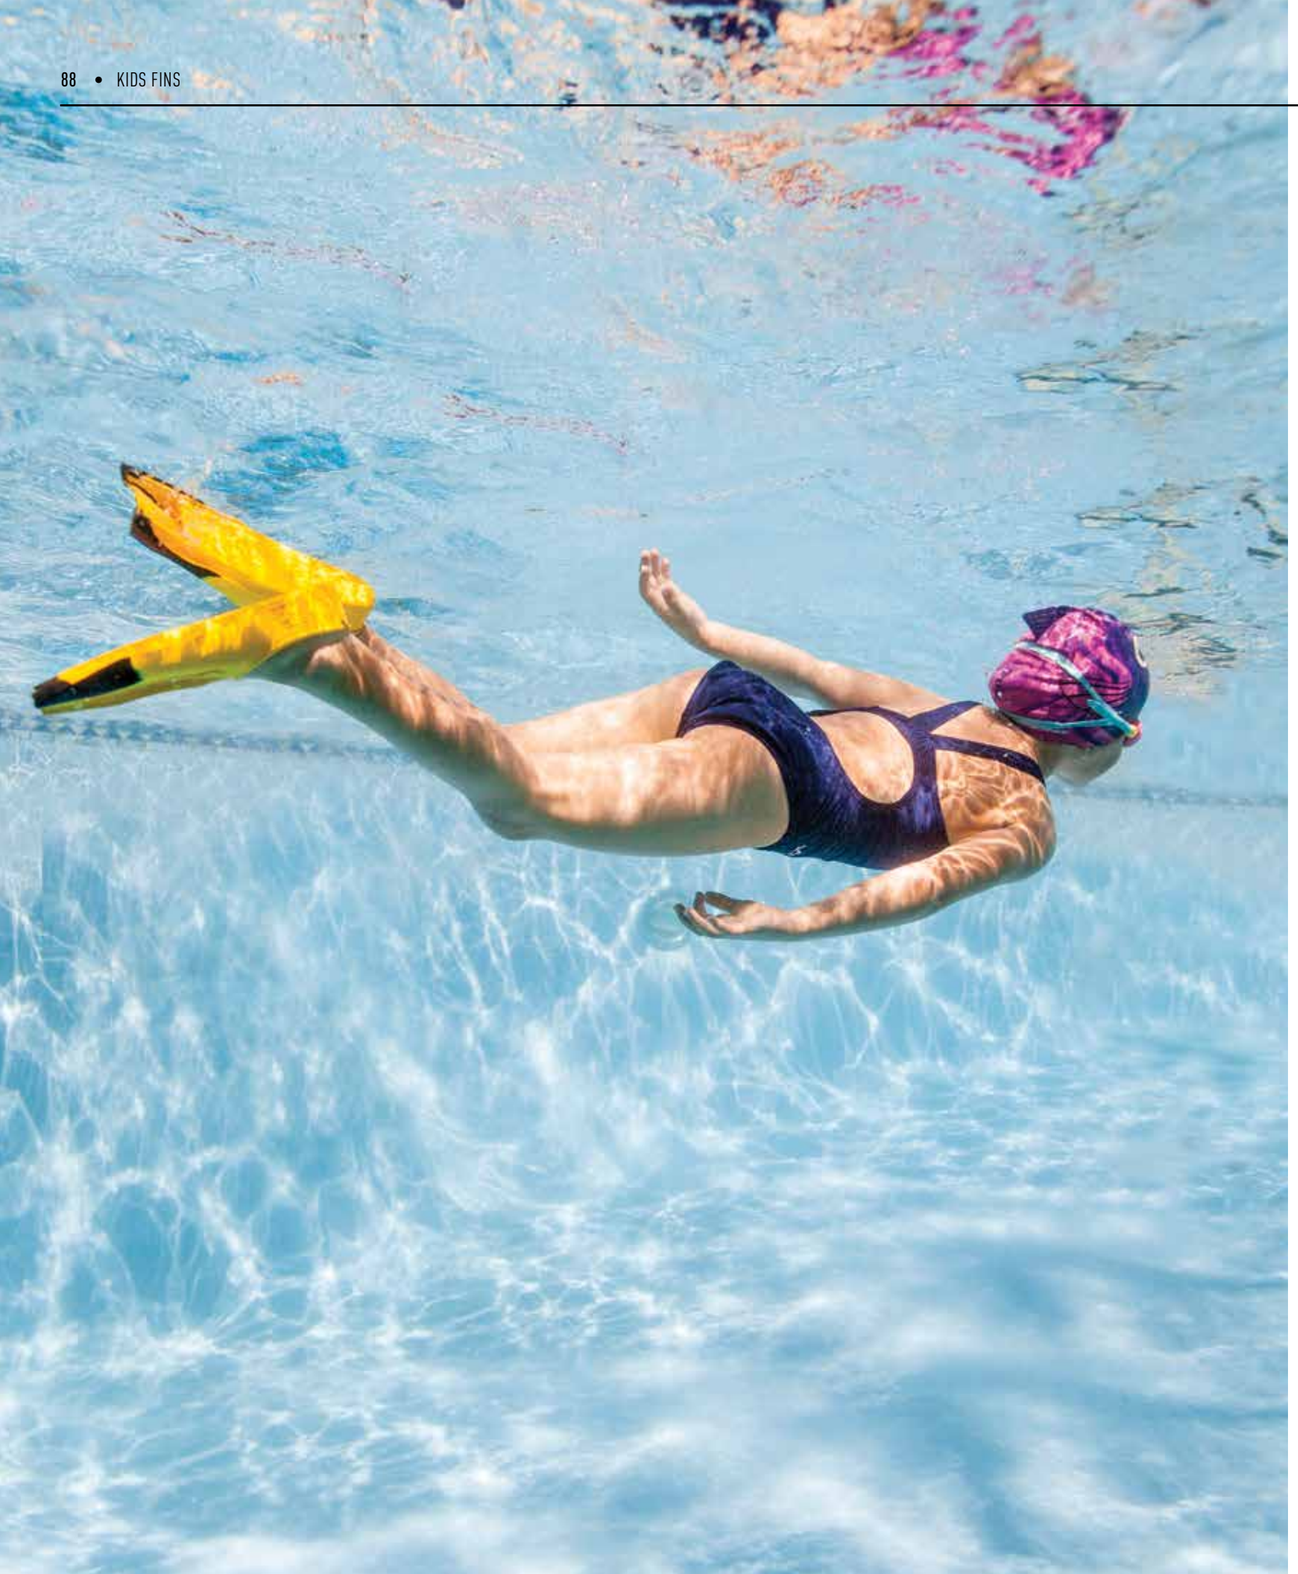
(Size Chart pg. 107)

FISHTAIL FINS
LEARN-TO-SWIM FINS

Soft rubber and adjustable heel snaps make for a comfortable fit. Rewards even the smallest movements with forward propulsion to accelerate learning and build confidence in the water.

BABY FIN BLUE | STYLE: 1.05.049.37
JUNIOR FIN YELLOW | STYLE:1.05.049.48

SIZES: BABY (3 MOS - 3 YRS), JUNIOR (4-7 YRS)



Z2 GOLD ZOOMERS®
SHORT BLADE SWIM FINS

The comfort of natural rubber creates a secure fit and inhibits hyper-flexion. The fluid separator on top of the fin helps to reduce fatigue. The flex box on the bottom of the fin catches the water on the up-kick to build muscle.

STYLE: 2.35.004 U.S.A. PATENTED

(Size Chart pg. 107)

LONG FLOATING FINS
FLOATING SWIM FINS

The long, hydrodynamic blades add propulsion to the flutter and butterfly kicks. Builds leg strength and increases speed during training. Buoyancy from the fins adds lift to reduce drag. The closed heel design provides protection against hyper-flexion of the ankles and increases comfort. Natural rubber provides a secure and comfortable fit.

STYLE: 1.05.037

(Size Chart pg. 107)

SWIMMER'S SNORKEL JR.
PRE-TEEN TRAINING SNORKEL

Gives younger swimmers the ability to focus on stroke technique without the interruption of turning the head to breathe. The Swimmer's Snorkel Jr. is two inches shorter than the Swimmer's Snorkel, decreasing the workload on the lungs. Ideal for swimmers age 8 to 12.

STYLE: 1.05.009.48
(INCLUDES NOSE CLIP)

SWIMMER'S SNORKEL YOUTH
CHILDREN'S TRAINING SNORKEL

Gives younger swimmers the ability to focus on stroke technique without the interruption of turning the head to breathe. The Swimmer's Snorkel Youth is two inches shorter than the Swimmer's Snorkel and uses a neoprene headband to accommodate smaller head sizes. Ideal for swimmers age 4 to 9.

STYLE: 1.05.009.44
(INCLUDES NOSE CLIP)

FOREARM FULCRUM JR
EARLY VERTICAL FOREARM TOOL

Develops early vertical forearm (EVF) and increases stroke efficiency. An EVF position utilizes the entire forearm during the pull, from the fingertips to the elbow. Promotes stroke refinement through muscle memory of the proper hand, wrist, and forearm position.

STYLE: 1.05.028.48 U.S.A .PATENTED

FOAM KICKBOARD JR
STANDARD KICKBOARD

Helps swimmers build leg strength by immobilizing the arms. The EVA foam provides durability and prevents skin irritation.

STYLE: 1.05.035.48

FREESTYLER PADDLES JR
FREESTYLE TRAINING PADDLES

Specifically designed for freestyle training, the long fin shape and surf-skeg design planes the hand forward through the water, improving distance per stroke. Promotes a strong pull-through and better hip rotation. The narrow profile can help prevent shoulder strain.

STYLE: 1.05.006.48
REPLACEMENT TUBING | STYLE: 1.05.029

FOAM PULL BUOY JR
LEG BUOY

Immobilizes the legs and provides lift to help build upper body strength and increase focus on the proper hip rotation. The EVA foam provides durability and prevents skin irritation.

STYLE: 1.05.036.48

MERMAID FIN
MONOFIN POOL TOY

Teaches a balanced dolphin kick while building confidence in the water. The TPR foot pocket and a quick-release foot strap provide comfort and safety. The Mermaid Fin and Atlantis Fin should only be used under adult supervision.

STYLE: 1.30.012
- PINK (112)
- PURPLE (110)

(Size Chart pg. 107)

ATLANTIS FIN
MONOFIN POOL TOY

Teaches a balanced dolphin kick while building confidence in the water. The TPR foot pocket and a quick-release foot strap provide comfort and safety. The Mermaid Fin and Atlantis Fin should only be used under adult supervision.

STYLE: 1.30.012.265

(Size Chart pg. 107)

AQUARIUS FIN
FANTASY MONOFIN

Teaches a balanced dolphin kick while building confidence in the water. The TPR foot pocket and a quick-release foot strap provide comfort and safety. The Aquarius should only be used under adult supervision. Ideal for swimmers age 12 and up.

STYLE: 1.30.015
- PINK (292)
- BLUE (228)

AQUARIUS REPLACEMENT STRAP | STYLE: 5.35.011

(Size Chart pg. 107)

ANIMAL HEADS

ANIMAL-SHAPED SILICONE CAPS

Soft, comfortable silicone protects hair against chlorine and sun damage. Fun animal designs for young swimmers. Snug fit designed specifically for smaller heads.

- INCLUDING TWO GOALIE CAPS (#1 AND #13)

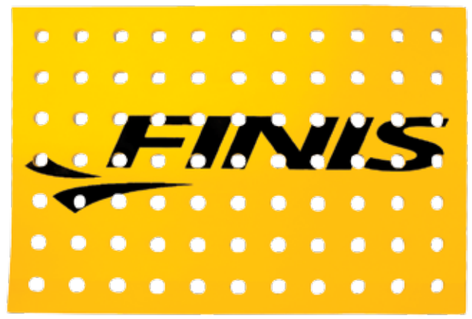
(See Design Lab (pg.58) for custom Water Polo options)

pool equipment

TEACHING PLATFORM
FIBERGLASS STANDING DECK

Submersible standing deck designed for teaching lessons in deeper water. The uniquely molded fiberglass creates a sturdy, non-slip surface above the pool bottom. Railings create a safe and clear distinction between teaching areas and can be connected to create larger platforms.

STP 1.2M | STYLE: 1.05.107.98
STP 1.8M | STYLE: 1.05.107.92



FLOATING ISLAND
LEARN-TO-SWIM FLOAT FOR KIDS

The EVA high-density foam floats in water, allowing children to comfortably lie on top of the raft. Holes allow water to seep through so children can gradually build swimming confidence. Children should be under adult supervision at all times when using the Floating Island.

STYLE: 5.40.035.06
SIZE: W 50" X H 35" X D1"

SWIM MIRROR
UNDERWATER MIRROR

Reinforced, polished aluminum provides instant visual feedback on stroke technique. Place the mirror on the bottom of any pool or use the holes provided to secure the mirror in place at the end of the pool for flip turn feedback.

STYLE: 1.05.013
SIZE: 45.5" X 28"

TURNMASTER PRO
INDIVIDUAL LANE BULKHEAD

Portable lane bulkhead designed to maximize lane usage. Easily installed between two lane ropes, dividing one lane into two. Built of durable vinyl ester chlorine-resistant fiberglass to withstand the impact of race speed turns.
